PRODUCT INFORMATION

MOULDZAP is a pioneering chlorine-free solution that's safe, eco-friendly, and more effective than traditional mould removers. Its innovative formula turns blue on contact with water, clearing when ready to use. MOULDZAP delivers powerful, sustainable cleaning with long-lasting mould protection.

FEATURES

- Non-toxic, pH-neutral, oxygen-based formula
- Removes stains without bleaching or fading
- No scrubbing required
- Reduce exposure to allergens and mycotoxins

Areas be used:

- All bathroom surfaces, walls and ceilings
- Painted and papered plasterboard
- uPVC and timber window frames
- Carpets, curtains and upholstery
- Damp and water-damaged areas

DIRECTIONS

Fill bottle to top of label with warm tap water

Pour sachet contents into bottle and shake for 60 seconds

Shake the bottle every few minutes until the blue colour fades (5-15 minutes)

Once the solution is no longer blue, the spray is ready to apply

Coat the entire mould affected area and leave for 30 minutes

Scrubbing not required - wipe off moisture with an absorbent cloth
